

Download Wireless Guide To Wireless Communications

Rules now in effect for operating wireless microphones and similar devices will restrict their use in certain bands of the spectrum currently used for television broadcast. As a result, some equipment changes may be needed for local theaters, churches, schools, conference centers, sports stadiums and other users of such devices. Nation's site component selections expand with Connect-It Wireless joining the Valmont Site Pro 1 family. The Wireless Emergency Alerts system is an essential part of America's emergency preparedness. Since its launch in 2012, the WEA system has been used more than 33,000 times to warn the public about dangerous weather, missing children, and other critical situations – all through alerts on cell phones. URGENT ANNOUNCEMENT: It has been brought to our attention that you may have received a phishing email from someone claiming to be Mark Sellers, CEO & President at Pacific Crest Corporation this week (August 6 - August 9, 2018).
